EDUCATION

National Institute of Technology Delhi

Bachelor of Technology in Computer Science & Engineering
CGPA: 8.06

New Delhi, India

August 2022 - June 2026

Relevant coursework: Computer Vision, Deep Learning & Applications, Data mining, Machine Learning, Data Structure and Algorithms, Artificial Intelligence, Software Engineering, Database Management Systems, Operating Systems.

GEMS United Indian School

Grade 12 in CBSE
Percentage: 91.6

Abu Dhabi, UAE

March 2021 - May 2022

GEMS United Indian School

Grade 10 in CBSE
Percentage: 93.8

Abu Dhabi, UAE

March 2019 – April 2020

WORK EXPERIENCE

Software Engineering Intern

Pune, Maharashtra, India

Tech Mahindra

May 2025 - July 2025

- Developed an anomaly detection system for network monitoring using machine learning (Isolation Forest) and statistical techniques, enabling proactive issue resolution by bucketizing anomalies to prevent failures and enhance network quality.

PROJECT EXPERIENCE

Intelligent Video Surveillance Using Deep Learning for Anomaly Detection

- Built a surveillance system that auto-detects anomalies using a Spatio-Temporal Autoencoder (CNN-based) to extract and learn features from video data.

Stock Market Trading Bot using SmartAPI

- Created a trading bot using SmartAPI to automate login, fetch historical data, calculate moving averages, and generate buy/sell signals.
- Securely logs in and out of the trading account using API keys, client ID, password, and TOTP for two-factor authentication. Makes use of predefined financial strategies.

CurisConnect : HealthCare Application

- React Native mobile app enabling patients to book doctor appointments, securely store medical documents in a digital safe, and receive AI-powered OCR-based prescription summaries in layman terms; integrated doctor-side features to access patient history with AI-generated summaries for faster, informed consultations.

TECHNICAL SKILLS

Programming languages: Python, SQL, C, HTML/CSS, JavaScript, PHP

Databases: MySQL, ArangoDB

EXTRACURRICULAR ACTIVITIES

- Actively participated and contributed to various sports events both within and outside the University, including events such as Inter NIT'23 Football competition, MST Jaipur '23, and NITD ZEAL '23.
- Engaged in philanthropic work, donating essential items to orphanages and supporting disaster relief initiatives and through humanitarian organizations like CARE India and Emirates charity portal.
- Advanced to the second-last round of the Meesho DICE Challenge, showcasing innovative problem-solving and technical skills to address complex, real-life challenges with an Indian context.
