EDUCATION

National Institute of Technology, Delhi

Bachelor of Technology in Computer Science and Engineering — **CGPA: 9.03**

Delhi, India

Nov. 2022 – Present

Mustifund Aryaans Higher Secondary School, Goa

Goa Board - 90.81%

Goa, India

Aug. 2020 – May 2022

EXPERIENCE

Software Development Engineer Intern | [Tech Mahindra](#)

May 2025 – July 2025

- Completed a Knowledge Management Portal for organizing documents across 45+ applications
- Designed centralized intelligent search and a course-based training platform
- Used Next.js, PostgreSQL, Prisma; deployed on AWS using EC2 and RDS

Software Engineering Intern | [Turtlemint](#)

June 2024 – July 2024

- Developed a real-life chatbot using Amazon Services like AWS Lex and AWS Lambda
- Implemented Lex API using AWS Java SDK
- Collaborated with a team of 8 people to deliver a quality product

PROJECTS

ShopSpectra | *HTML, CSS, JavaScript, EJS, MySQL, Bootstrap*

Website | [GitHub](#)

- Developed a dynamic mall management application using HTML, CSS, JavaScript, and EJS for the frontend.
- Established a robust backend using Node.js and MySQL to handle data of 70+ shops and 200+ reviews.
- Designed responsive, mobile-friendly layouts with Bootstrap.
- Provided an interactive user interface for mall exploration, shop details, and customer reviews.

DostTalks | *React.js, Next.js, Tailwind CSS, Redis, PusherJS, JWT*

Website | [GitHub](#)

- Real-time messaging with WebSockets allowing users to send and receive messages instantly.
- Created secure user authentication using JWT and next-auth for managing sessions.
- Focussed on responsive, user-friendly interface leveraging React.js, Next.js, and Tailwind CSS.
- Optimized for scalability by integrating Redis for efficient data caching and deployed the application on Vercel for high availability and performance.

Small Bites | *React Native, Expo, Firebase, Node.js, Razorpay, JavaScript*

[GitHub](#)

- Built a cross-platform food ordering app for NIT Delhi to streamline canteen operations for students, faculty, and vendors.
- Implemented real-time order tracking, Google Sign-In, cart/favorites, reviews, and vendor-side status updates.
- Integrated Razorpay API for seamless digital payments and used Firebase for authentication, database, and push notifications.

TECHNICAL SKILLS

Languages & Frameworks: Java, Python, C/C++, SQL, JavaScript, React.js, Next.js, Node.js, Express.js

Databases & Tools: MySQL, PostgreSQL, MongoDB, Redis, Firebase, Git, AWS, VS Code, PyCharm, IntelliJ

Libraries & Others: Tailwind CSS, Pandas, NumPy, Matplotlib, Scikit-learn

CODING PROFILES

LeetCode: PradneyaSP **Codeforces:** pradneyasp **CodeChef:** pradneyasp26

EXTRACURRICULAR

Gold Medalist in Table Tennis at MNIT Jaipur Tournament.

Qualified the preliminary round of *Smart India Hackathon 2023*.

Solved 600+ DSA problems across multiple coding platforms.
