Education

National Institute of Technology Delhi

B.Tech, Computer Science and Engineering | CGPA: 7.52/10.00

2022 – Present
New Delhi, India

Shiksha High School

CBSE Board | 93%

2020 – 2022
Bikaner, India

Technical Skills

- **Languages:** C, C++, Python, JavaScript, SQL
- **Core Knowledge:** Problem Solving Skills, Data Structures and Algorithms, OOPS, DBMS, OS, CN, Machine Learning, Deep Learning, Computer Vision
- **Databases:** MongoDB, MySQL
- **Frameworks & Tools:** ReactJS, Tailwind CSS, SDL, NumPy, Pandas, Matplotlib, Seaborn, Pytorch, Tensorflow
- **Version Control:** Git, GitHub
- **Soft Skills:** Leadership, Communication, Teamwork, Time Management

Experience

Infollion Research Services

Software Engineering Intern

Jun 2025 – Present
Gurgaon, India

- **Engineered Frontend Interfaces:** Developed scalable and responsive dashboard components using **React** and **TypeScript**, boosting UI performance and reducing average load time by **30%**.
- **Optimized API Performance:** Refactored and batched backend API calls, cutting data retrieval latency by **40%**.
- **Integrated AI Features:** Embedded AI-driven insights into internal dashboards, automating routine data analysis tasks and improving decision accuracy.
- **Agile Collaboration:** Contributed to daily sprints, peer-reviewed code, and maintained version control on GitHub for smooth, team-based development.

Natural Support Consultancy Pvt. Ltd.

Software Developer Intern

May 2024 – Jul 2024
Jaipur, India

- **Built Modular Banking Tools:** Developed reusable components in **React** for a core banking solution, improving maintainability and speeding up development by **25%**.
- **Database Integration:** Wrote and optimized complex SQL queries, ensuring consistent system response under heavy traffic.
- **Version Control:** Managed development flow via GitHub branches, improving code stability and deployment tracking.

Projects

Customer Behavior Prediction

NIT Delhi

Mar 2025
GitHub

- **Customer Insight Mining:** Used **PySpark**, **SQL**, and ML to analyze Amazon reviews for user segmentation, product bundling, and review insights.
- **ML Techniques:** Applied **K-Means**, **Apriori**, and **LDA** for clustering, association, and topic modeling.
- **ETL Workflow:** Processed large datasets via **PySpark** and stored results in **AWS PostgreSQL**.

Assistive Vision

NIT Delhi

Jan 2025
GitHub

- **Assistive Technology:** Built a virtual assistant using **speech recognition**, **object detection**, and **text-to-speech** to support visually impaired users.
- **User-Centered Design:** Implemented a mobile-optimized interface, tested with real-world use cases for accessibility.

Social-X

NIT Delhi

Aug 2023 – Nov 2023
GitHub

- **Full Stack Development:** Developed a PHP-based social media system with profile management, secure login, messaging, and file uploads.
- **Security & Responsiveness:** Applied session security measures and built a fully mobile-adaptive layout.

Achievements

- **President, Technical Club, NIT Delhi:** Directed 10+ major events, including hackathons and coding fests; increased technical club engagement by 3x across the student body.
- **Competitive Programming:** Solved **600+** problems on LeetCode and **1000+** on GeeksforGeeks/CodeChef.
- **JEE Main:** Ranked in the **top 1.3%** among over 1 million candidates.
