## PROFESSIONAL EXPERIENCE

### Tech Mahindra

May 2025 – Jul 2025

*Software Engineering Intern*

Mumbai, India

- Engineered a ticket resolution and alerting system for **State Bank of India's BFSI operations**, implementing role-based access control across **4 user hierarchies** (Maker, Analyst, Admin, Super Admin)
- Architected scalable backend APIs and data workflows using **Node.js and Express**, processing **1,000-5,000 tickets per batch** through automated file upload systems, reducing manual data entry workload by **85%**.
- Implemented **BullMQ** for asynchronous ticket processing and queue management, improving system throughput by **60%** and enabling real-time ticket assignment to analysts across multiple departments.

### Doorstep Delhi

June 2024 – Aug 2024

*Front-end Development Intern*

Gurgaon, India

- Optimized front-end performance through code splitting and lazy loading, reducing page load times by **35%** and improving user engagement metrics by **25%**.
- Collaborated with the AI team to integrate **3 dynamic recommendation features**, resulting in a **20% increase** in user session duration and **15% boost** in platform retention rates.

## EDUCATION

### National Institute of Technology, Delhi

11 2022 – 06 2026

*BTech. Computer Science and Engineering - CGPA - 8.48*

Delhi, India

Consistently ranked in the **top 10%** of the department based on academic performance.

## PROJECTS

### Career Connect | MERN Stack, Tailwind CSS | [GitHub Link](#)

03 2024

- Developed a responsive job portal using **React.js**, implementing secure user authentication, role-based dashboards (Admin, Company, Student), and job posting features.
- Enabled companies to post openings and students to apply with resume uploads, streamlining the application process and improving engagement by **30%**.
- Built using **MERN Stack** with JWT-based authentication and responsive UI powered by **Tailwind CSS**.

### CineYatra | PHP, MySQL, JavaScript, Tailwind CSS | [GitHub Link](#)

10 2023

- Developed a movie booking platform with **separate user, admin, and theatre dashboards**, role-based operations.
- Implemented theatre view for adding movies, shows, and managing schedules, adding theatres across cities.
- Enabled users to browse movies, watch trailers, and book seats with real-time seat selection interface.
- Enhanced platform responsiveness and usability with **Tailwind CSS**, improving booking efficiency by **25%**.

## TECHNICAL SKILLS

**Languages and DataBases:** C, C++, Html, CSS, JavaScript, Python, SQL, MongoDB

**Frameworks & Libraries:** React.js, Express.js, Node.js, Tailwind CSS, Bootstrap, WebSockets, BullMQ

**Developer Tools:** VS Code, Git, GitHub, Postman, Netlify, MySQL Workbench, Cisco Packet Tracer, Linux

**Coursework:** Data Structures & Algorithms, OOPS, Operating Systems, DBMS, Software Engineering

**Soft Skills:** Teamwork, Leadership, Problem Solving, Collaboration, Communication

## POSITION OF RESPONSIBILITY

### Tech Club - NIT Delhi (Upvission) - *Executive Member*

Dec 2022 – Present

Organized a workshop on Data Analytics, introducing students to SQL and Excel for business insights.

### BIS Club - NIT Delhi - *Deputy General Secretary*

Dec 2023 – Present

Led a workshop on quality control for efficient product development and management.

## ACHIEVEMENTS

- Solved over 1100+ coding problems across platforms; **LeetCode rating: 1750+**.
- Secured **9th rank** in a coding contest on HackerRank.
- Flipkart Grid 6.0 Semi-Finalist among 50,000+ participants.
- Silver Medalist, Inter-Branch Table Tennis Tournament at NIT Delhi.
